

A Special Offer for PTM Users

Now With FREE PTM Data Conversion

Dear Motor State Dealers,

If you are a PTM (Part Time Manager) software user you may be under pressure to update to a new version of software and to pay a hefty upgrade and data conversion fee. Now is the time for you to take a look at HPSolutions' hpCommerce software. We are ready and able to handle all your specialized inventory management and point-of-sale requirements. You can upgrade to hpCommerce software without paying any PTM data conversion fees and without paying any hefty upgrade fee.

- HPSolutions has exclusively served the needs of performance shops of all kinds since 1992.
- hpCommerce is designed to handle inventory management, pricing and point-of-sale the way you think about your performance business. This isn't a generic retail package that you have to bend and jump through hoops to get to work for you.
- hpCommerce includes electronic price updates.
- hpCommerce includes integrated credit card processing with four second approval times.
- hpCommerce supports Barcode Scanning and Printing, Bill of Materials and Kits. Also included are Purchase Orders, Quotes, Accounts Receivable, Accounts Payable, Check Register, Check Printing, General Ledger and much more.
- hpCommerce includes unlimited technical support provided by technicians located in the United States.
- hpCommerce includes unlimited product updates.
- hpCommerce requires no specialized computer hardware. We work with a standard PC running Microsoft Windows.
- hpCommerce requires no specialized network server. No high powered, expensive server is required to network hpCommerce. With just a basic PC you can run hpCommerce on a network of 2 to 10 computers.

What do I do with all my PTM Data?

- HPSolutions can convert into hpCommerce your Parts, Customer and Vendor files from PTM.
- For a limited time HPSolutions is offering this conversion service for FREE.

What does hpCommerce cost?

- hpCommerce cost \$365 per year.
- Additional user licenses are \$10 per year per workstation.
- Unlimited technical support and product updates are included.
- There are no start up fees.
- There are no hidden cost.

How could software this inexpensive by any good?

- For once in your life a software company is not out to take advantage of you with some pompous, inflated POS package that you hate to look at everyday.
- But if it would make you or your boss feel better we can tack a few zeros onto the end of the price.

Will hpCommerce hamper my growth or slow me down?

- Absolutely not! hpCommerce is state of the art software built on a rock solid foundation.
- hpCommerce integrates with shipping systems.
- hpCommerce integrates with eCommerce systems.

Sounds great! how do I get started?

- Simply call 765-289-6744 and ask for a free hpCommerce software Evaluation Kit.

It's time you got a great deal to help your business with the bottom line. You owe it to yourself to investigate hpCommerce.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rhett Scott'.

Rhett Scott
Managing Partner

PS: Until 1/31/2009 you can receive an ADDITIONAL \$100 off your first year of hpCommerce as part of our 2008 PRI Show Special.

PSS: In this business climate can you afford to pay or is it even wise to pay \$1,000 per month for software and support? Is it a good business decision to pay \$5,000 to \$10,000 to start a new POS system? hpCommerce is the affordable, high-octane solution for your performance business. Check us out.
